

TRANSFER CREDITS FEES

All academic transfer credits will incur a \$150 administrative fee. A copy of the official degree attained and/or an official transcript from the previously attended institution, will serve as the official record for placement purposes. Only Theological coursework can be transferred, due to the nature of our curriculum.

Completed Degree programs at other Theological institutions will transfer at **ONLY** the administrative fee cost and qualify the applicant for the next program degree level.

In cases where previous coursework **AND/OR** life experiences create eligibility for the next highest degree level, transfer credit costs, **in addition to the administrative fee**, will be assessed. The accepted qualifying coursework credits and life experience credits incurs a \$10/credit hour charge. Transfer considerations include those that match the coursework for each degree program. In some cases, specialized curriculums could be offered at an additional cost to help complete placement considerations.
